

USA ALERT

Always Check Bed Linens for Belongings

- ❖ In the past 12 months, we have seen a large increase in the # of reports for missing patient belongings, specifically the patient's cell phone, after discharge
- ❖ In many cases, "Find-My-iPhone" was used to track their phone's location to Angelica, our laundry vendor
- ❖ Please be sure to always check bed linens for patient belongings before bundling them up and placing them in the Soiled Linen Hamper
- ❖ If you find any belongings, please bring to the front desk, and let the UC know what room they were found in
